

EAST JORDAN NEWS-HERALD

"HOME OF THE SWANS"

VOLUME 58 NUMBER 11

EAST JORDAN, MICHIGAN, THURSDAY, MARCH 18, 1954

TEN CENTS

OVER THE BACK FENCE

BY MARSHALL

Letters have been arriving this week from people around the country who have read East Jordan's industrial story in the nationally circulated Grit.

Readers in Illinois, Michigan, New York, Virginia, Ohio and Kentucky have written saying everything from congratulations to "how in heck did East Jordan do it?"

A letter from the editor of Rotarian magazine asks for material from which they can work up a story on our civic cooperation and organizational success.

An important note we would like to have the people outside East Jordan understand is that after the businessmen obtained very definite success within one year the organization has not "let down."

Enthusiasm for additional development and community improvement has by no means subsided. General meetings are larger now than before; and numerous accomplishments have been reached by the board of directors.

Quarter final basketball tournaments were played last night at Gaylord, Cheboygan and Petoskey, too late for this week's issue to announce results.

Minnie DesJardins has been named to the State Board of Directors of the Michigan Women's State Bowling Association. It is believed this is the first time that a woman has been on the board from northern Michigan.

A revision of East Jordan's city charter is needed to bring our city government operations closer to those of the state and other communities. Some articles of our charter differ widely with various new state laws; and also with methods of holding city elections as compared with surrounding communities.

Five East Jordan residents have been placed on the local "Michigan Week" committee. They are: Chris Taylor, Rev. Edward DeHaven Ole Hegerberg, Minnie DesJardins and Marshall Sayles. This committee will aid East Jordan in observing the state wide "know your Michigan" program which is being carried on throughout the state, May 2 to 8.

Announcement was made this week that the Anchorage restaurant will open next Wednesday morning.

The Consumers Power Company's county, village and city house numbering program may aid greatly in the city's work to number each dwelling properly.

This is the time of year merchants are showing wall paper, paint and various clean-up, fix-up and paint-up materials. They think spring is moving in. And to look outside we would say they are right.

NO CANDIDATES FOR 3 OFFICES IN ANNUAL SPRING CITY ELECTION

Council May Hire Full Time Attorney

Sees Need For Advisor At All Council Meetings

The city council Tuesday night considered seriously the naming of a full time city attorney who would attend all council meetings in an advisory capacity.

Following discussion on the need for a city attorney, the council decided to again discuss the move at its next meeting.

BENJAMIN PORTER was appointed to the Extension Service staff of Michigan State College as district 4-H Club Agent for Antrim, Kalkaska and Crawford counties, effective March 1, 1954.

A graduate of MSC in 1950, Porter served as an instructor of agriculture at Alpena High School from 1950 until September of 1953. From that time until resigning to accept his MSC position, Porter was employed in the farm department of a Grand Rapids realty company.

He saw military service from 1946-47, spending six months overseas. He is married and has two children.

Mr. Porter is living in Kalkaska and is rapidly becoming acquainted with 4-H Leaders and members about the county.

Tickets Ready For Rotary's Father, Son

Preparations were being completed this week for the Rotary's Club annual father and son banquet to be held next Thursday night at the high school.

Main speaker will be Dan Devine head backfield coach at MSC. Tickets for the dinner now can be purchased from any Rotary Club member.

Keith Annear has been named president in the Rotary's annual election. Burl Brame is vice-president; Frank Strehl, secretary-treasurer. Sgt. at Arms Bill Sturgell and Ted Malpass; and directors named were Basil Cummins and Bob Strehl.

HERE COME THE GIRLS!

East Jordan Merchants Will Sponsor City Queen To Represent Community

The East Jordan Businessmen's board of directors voted Monday night to sponsor a local queen for the Kalkaska National Trout Festival, April 23, 24 and 25.

Meeting in the city hall Chairman Fred Vogel named Minnie DesJardins to take charge of organizing a committee to select East Jordan's Queen.

It was announced Tuesday morning following the meeting

that selection of the queen will take place at the Temple Theatre Wednesday night March 31st.

WORKING WITH Keith Annear, principal at the high school girls of the junior and senior class are being notified that queen entries are now open; those wishing to enter the contest are instructed to get complete details at the Dress & Gift Shoppe.

The contest is open to local

State Investigation Now Underway In Wilson Twp.

Humane Meet

Board members of the Charlevoix County Humane Society will meet at the East Jordan city hall 7 p.m. Friday night to hear the results of the officers' trip to Lansing regarding animal shelters and other humane information.

Vance Back From Free Trip To Washington

Vernon Vance of East Jordan has returned from a 3 day all expense trip to Washington, D. C. as one of a nine member Michigan Farm Bureau delegation.

The trip, sponsored jointly by the state and national Farm Bureau, was the result of his being chosen by a point system as the one who had done the most for See VANCE BACK on Page 8

Evans, Bennett Tops In North C Conference

Bobo Bennett, of Charlevoix, was listed first with 68 votes and Keith Evans, of East Jordan second with 62 votes when the class C conference best players were listed.

Coaches selected the players on the players all-round ability regardless of the positions played.

Following are the eleven best, according to the decision of the coaches of the C conference. They have been pointed to as top players in the Northern Michigan Class C conference for 1953-54 basketball season.

Bennett, Charlevoix senior, 68 votes; Evans, East Jordan senior, 62 votes; Pifer, Harbor Springs senior, 47 votes; Holstad, Mancelona senior, 42; Aurand, Pellston senior, 34 votes; Erber, Boyne City senior, 25 votes; LaDere, Mancelona Senior, 20 votes; Riddle, Gaylord senior, 18 votes; and the following players drew 16 votes each: Davenport, Pellston junior; White, Charlevoix senior and Schlang, Gaylord senior.

Bennett also had placed on the all-conference team in 1951-52 and 1952-53. Evans and Pifer had been placed on the 1952-53 all conference team, also.

An audit of the books and records of Wilson Township is underway as the result of an order from the state attorney general's office.

A story from Lansing reported in the Detroit Free Press said the attorney general ordered the investigation after 25 percent of the registered voters of the township petitioned his office.

The 25 voters charged the records and books of the township had not been examined or audited for the last 12 years.

They also charged that between 1942 and December 21, 1952 the township clerk paid bills directly and bypassed the township treasurer.

IT WAS MADE clear that no charges have been brought concerning misappropriation or embezzlement of public funds. Voters simply asked for an audit of the township books.

Congratulations!

Job Jackson of East Jordan celebrated his 96th birthday March 8th, at the home of his daughter and son-in-law Mr. and Mrs. Amber Muma of Charlevoix.

Twenty relatives attended the celebration including seven great grandchildren. Those attending were his daughters, Mrs. Dan Swartz and Mr. and Mrs. Ralph Klooster, and granddaughter Lorraine Heise, all of Charlevoix, grandson, Clare Stevens and family, and granddaughter, Mr. and Mrs. Victor Crandall and family of Bellaire; granddaughter Mrs. James Willis and family of Charlevoix.

Mr. Jackson is in good health and is looking forward to seeing another birthday.

E. J. Band Off To Festival

Emile Acitelli's famous East Jordan high school band has again earned the honor of playing in the State Music Festival at University of Michigan, April 10.

Director Acitelli's musical organization received a No. 1 rating at the district band and orchestra festival at Petoskey Saturday.

The band also qualified for the state festival last year. Two other bands qualified in the district festival Saturday. They were Charlevoix and Petoskey.

Other bands and one orchestra took part in the event. They were: Boyne City, Harbor Springs, Onaway, Gaylord in class C; Northport, Elk Rapids, Mackinaw City and Alanson in Class D; Traverse City; Class A.

EAST JORDAN'S band played the Coronation March from the "Profit"—Meybeer and an American Scene—Brundman.

Adjudicators were Leonard Falcone, Keith Stein and Byron Autry, of Michigan State College School of Music and Clarence Roth, of the University of Michigan School of Music.

Mayor, Alderman, Justice Offices Find No Takers

Last year the voters of the city of Charlevoix found no name on the ballot for mayor or third ward councilman.

April 5th, when East Jordan holds its regular city spring election the same situation will exist.

There will be no name listed for mayor or first ward councilman. That's because no one filed their candidacy for these offices when filing deadline arrived last week.

Present Mayor Chris Taylor reported that pressure of his business (Taylor recently opened a new clothing store) prevents him from seeking office for a second term.

DONALD S. LEONARD, Detroit Police Commissioner and former Commissioner of State Police, has announced that he will be a candidate for the Republican nomination for Governor.

In speaking of his campaign Leonard said: "The widespread support that was promised gives me confidence that I can lead the party to victory next Fall."

Wards Name Supervisors For Election

County supervisors and ward constables were selected to appear on the April 5th election ballot when the city held its annual caucus at the city hall Monday night.

Elected to run from the first ward were: Supervisor, William F. Bashaw; constable, Lyle Keller. Second ward: Supervisor, Robert F. Barnett and Constable Ted Kotowich. Third ward: Supervisor Barney Milstein and Constable Gayle Saxton.

Next year's ward committees were named as follows: First ward, Tom Bussler, Lyle Keller, Frank Atkinson. Second ward, Dan Bennett, Leslie Winstone and George R. Rebec. Third ward Chas. Murphy, A. G. Rogers and Chris Taylor.

Merchants To Hold Monthly Meet Tuesday

Regular monthly meeting of the East Jordan Businessmen's Association will be held 7 p.m. next Tuesday (March 30th) in the private dining room at Cal's Tavern.

The meeting was announced by Chairman Fred Vogel at the board of directors session Monday night.

Activities of the dinner-meeting will include discussion on the group's city-wide advertising programs, and a queen to represent East Jordan, distribution of the group's by-laws, display of the group's book match advertising and various reports of committees.

Working committees of the group are: Industry, beautification, recreation, membership and advertising.

Veteran councilman Tom Bussler, of the first ward, did not put his hat in the ring this year and no other first ward resident filed for the election by the dead line.

Many residents believed that the situation was "one in million" where no mayor was listed as candidate on a city election ballot.

However, it happened in Charlevoix last year when Mayor John Knight died before election and the situation has occurred in other cities also.

Voting for mayor and councilman for the first ward will be

Here's how the city election ballot will look April 5th:

Mayor (no name listed)*
Justice of the Peace (no name listed)

FIRST WARD

Alderman (no name listed)
Supervisor: Wm. F. Bashaw
Constable: Lyle Keller

SECOND WARD

Alderman: George R. Rebec
Supervisor: Robert F. Barnett
Constable: Ted Kotowich

THIRD WARD

Alderman: Ed Nemecek
Supervisor: Barney Milstein
Constable: Gayle Saxton

*Offices after which no names appear will be voted for either through write-ins or slips.

carried out either through slips or write-ins.

PETITIONS were filed before deadline for George Rebec for councilman from the second ward; and Archie Nemecek, from the third ward. "Holdover" councilmen are: Malpass, Bennett and Strehl.

COMING EVENTS

March 18—St. Ann's Altar Society will hold their meeting at St. Joseph's Parish Hall, 2:30 p.m. Alice Partee and Frances Zoulek will be hostesses.

EDITORIAL NEWS

Now that Charlevoix county is developing a humane program animal interest is increasing in this area. An editorial "Just Dogs" published by the Detroit Times was called to our attention by Frank Stucker, which we think will be of interest to our readers.

"People are funny about dogs.

About one dog in a thousand, as a rough estimate contrives some way to become a hero dog. Maybe as many as 10 dogs in a thousand serve some practical purpose in life, assuming that chasing a rabbit or pointing a pheasant can be classified as a "practical purpose in life."

The rest are just dogs.

When it comes right down to it, the reason so many people love dogs is that dogs love so many people. When a collie pup snuggles his nose into the curve of a kid's neck, it makes no difference that the pup will never do a full day's work in all his life. Dogs are born flatterers — and successful ones.

The man who can make friends with a strange dog and still count up to 10 on his fingers feels a thrill of accomplishment. And anybody who can tell a St. Bernard from a Chihuahua is qualified to pose as a sage on all matters of dogdom.

For all those who "have a way with dogs" and once had a dog who was smarter than any other dog, before or since, this week's dog show will be enjoyable.

We recommend it for lovers which include nearly all of us.

INSURE! BE SURE!

ONE THING WE ALL HAVE IN COMMON

None of us escapes sickness! Nor do any of us escape the inevitable financial consequences of being sick. What could be smarter than to allow us to underwrite a Health Insurance Policy for you and yours, soon?

Care Needed In Application Of Nitrogen

Take the age of the fruit tree into consideration when you apply nitrogen fertilizer, advises Ed Rebmam, Charlevoix county agricultural agent.

The amount of growth and the tree's production are important in determining the amount of nitrogen fertilizer to apply. Growers should use severe pruning and mulching to stimulate plant growth.

It may be a good idea to rob a little of the nitrogen from the overly vigorous plants and in-crease the amount given to those poor in vigor.

For apples, apply one-half to one-quarter pound of ammonium nitrate for each year of age per tree until five-seven pounds are used.

Peaches and cherries need one third to one-half pound ammonium nitrate per year per tree up to two one-half to three pounds per tree.

For raspberries, apply 150-300 pounds of ammonium nitrate per acre.

On sandy soil, blueberries need two ounces of 8-8-8 per plant in spring of the second year and an increase of one ounce per plant to a total of seven.

Side dress strawberries with 200 pounds of phosphorous two weeks after planting and repeat the first of August.

More information on fertilization rates can be found in Michigan Experiment State Bulletin No. 159, available at Rebmam's office. This nitrogen fertilizer should be ordered early.

GIDLEY'S DRUGS

SCHOOL HI-LITES

Thursday, March 18, 1954 * East Jordan News-Herald * Page 3

FIRST GRADE Mrs. Brooks

Those having perfect attendance for the last six week period are Billy Barnett, David Donaldson, David Grutsch, Patty Healey, Lee Omland and Jack Snyder.

We had many high scores on the Scott, Foresman Basic Reading Test. It was fun too.

Twenty-two of us have finished Fun with Dick and Jane and are now in "Our New Friends."

We are all reading Day In and Day Out for our afternoon reading. We were glad to have big girls from the High School visit our room. Some of them were in this room when they were in the First Grade.

SECOND GRADE Agnes Johnston

We are all busy making an activity booklet. We are writing a little story for each day of the week with original illustrations. The booklet will show one week of school activities.

In our number classes we have been working hard on speed and accuracy in both the addition and subtraction combinations. We find we can work the problems in our number work books more accurately.

Last Wednesday morning we saw two interesting movies, "Robin Redbreast" and "Gray Squirrel." The movies told us new things about baby robins and baby squirrels.

Last Thursday Louis Dunson treated us to beautifully decorated cupcakes to celebrate his eighth birthday. We made birthday cards for Louis and sang him the traditional birthday song.

We are still enjoying our gym period on Fridays. We now can play many nice singing games.

Mrs. Johnston is reading a second book from the Bobsey Twin Series. The book is "The Bobsey Twins Treasure Hunting."

The girls won in getting their report cards back first.

SECOND GRADE Grace Galmore

Several children reported Monday on signs of spring which they had noticed. Those below

are two that were written and handed in.

When we went out to the barn I was surprised that our cow had two little bull calves.

I have a good sign of Spring. It is buds on a tree that are very big. Another thing is that the fishermen are taking their fish shanties off the ice. When I came to school I saw a robin only I don't think it will find any bugs for a while. Another sign is pussywillows.

Saturday we received six letters, several pictures, a Christmas program leaflet, a newsletter and other material from a school in Horseheads, New York. March the 10th Yvonne Redmer received two birthday cards and a gift from pen pals in Louisiana.

Suzanne Malpass reported that her mother and father had returned from Florida and had brought her the names of two girls for pen pals.

SIXTH GRADE Alma Larsen

We are decorating our room for spring and St. Patrick's Day. Our bulletin board shows children flying kites.

We have some new dictionaries in our room. Thank you, Mr. Wade.

Our boys are flying kites and playing with marbles at recess; a sure sign of spring.

In social studies we are studying about Russia. We find that Russia is a very large country with many people who do not have much freedom. We now appreciate our own country and our freedom more than we did.

We are dividing whole numbers by fractions in Arithmetic class. We learned a new word, invert which means to turn upside down.

In English class we have been making reports. We learned to take notes on a subject chosen, plan our outline, and give our report from our outline. We had some very good reports given. This week we are learning to use words correctly in our reports.

The following people had A in spelling last week: Christine Thorsen, Mary Jo Olson, James Gidley, Rudy Bulmann, Sharon Rowland, Marie Knudsen, Larry Gee, Walter Moore, Judy An-ear.

Those who had B were: Eric Beishlag, Jon Wilson, Shirley McClanathan, Gilbert Redmer, Bruce Ogden, Lorna Kent, Michael Kane, Kay Kamradt, Raymond Prebble, Billy Taylor, Sue Boswell, Louis Raymond, Douglas Lick, Walter Goebel, Diane Dougherty.

Those on "Safety Patrol" this week are: Bruce Ogden and Dick Clark. These boys help the teacher supervise the playground during recess.

My Neighbors By BILL PAULSON

"Our espionage laws remind me of our new roof full of nail holes. We've been roofed but spooofed. had and mad!"

State To Have Four 4H Programs

The State Club office has accepted four national 4-H awards programs for participation of members in 1954, the National Committee on Boys and Girls Club work has announced. The programs are Garden, Clothing, Achievement, Poultry and Tractor or Maintenance, in the last three of which awards have been changed.

In the 4-H Clothing program, four (formerly one) gold-filled medals of honor will be provided for winners in qualifying counties by the awards donor, Coats and Clark Inc.

In the past, the state winner will receive an all-expense trip to the National 4-H Club Congress in Chicago. Also, 12 state winners selected for national wards will each receive a \$300.00 college scholarship.

INSTEAD of five sterling silver medal awards to county winners in the 4-H Poultry program four gold-filled medals will be provided this year by the Tractor and Implement Division, Ford Motor Co. Awards of an all expense trip to the National 4-H Club Congress in Chicago for state winners, and \$300.00 college scholarships to ten national winners remain unchanged.

In the 4-H Tractor Maintenance program the Standard Oil Foundation, Inc. (Chicago) will provide four gold-filled instead of sterling silver medals of honor as county awards.

Admittances:
John Grey of Charlevoix, March 11th.
Amos James of Charlevoix, March 11th.
Jess Hadix, of Harbor Springs, March 12th.
Deaths:
Mary Ellen Kaden, of Boyne City expired March 11th.
Fred Stanke, of East Jordan, expired March 14th.

The state winner will receive an all-expense trip to the National 4-H Club congress, as here-tofore. The national awards, however, have been increased from eight to 12 \$300.00 college scholarships.

AWARDS in the 4-H Garden program which are provided by Allis-Chalmers, remain the same as last year, four gold-filled medals of honor, an all-expense trip to the National 4-H Club Congress, and eight \$300.00 college scholarships, to county, state and national winners, respectively.

All these national 4-H programs are supervised by the Co-operative Extension Service.

Visitors at the home of Mr. and Mrs. George Kaake over the weekend were, Mrs. Goldie Kracker, Mrs. Donna Olson, Mrs. B. Irving, and the Kaake's three daughters, Mrs. Babe Sweet, Mrs. Leona Wilhelm and Mrs. Virginia Giacomelli.

County Farm Women Hold Big Meeting

The Charlevoix County Farm Bureau Women held their March meeting at the home of Mrs. Olga Phillips near Walloon Lake with highest attendance in two years.

Besides the 11 groups represented, five guests from the hostess's group enjoyed the afternoon. District Chairman, Mrs. Hiram Brock, also attended.

In the absence of the chairman, Anne Nasson, vice chairman Lulu Brock conducted the meeting. Announcement of the Farm Bureau Women's Camp at Gilbert Lodge, Twin Lakes, near Traverse City on June 8, 9 and 10 was made. Cost is \$12.00 per person for three days and all Farm Bureau women are eligible to attend.

County legislative chairman, Florence McGhan, reported the use of bulk milk dispensers is of high interest; Michigan is one of three states in the 48 not legalizing them.

The group went on record as opposing the choice of the Charlevoix County Fair Board's selected dates for the County Fair.

Safety chairman, Jerry Weiland, mentioned a score of ways to prevent accidents to ourselves and others inside and outside our homes. District Chairman Brock reported that the Sister Kenny Polio hospital has been approved by the Crippled Children's Commission and March of Dimes Funds may be used for treatment of patients.

Approval is made for one year. She also explained that Farm Bureau is the largest organized farm group in Michigan, in the nation and in the world. It's purpose is to help farmers to do together for farmers what they cannot do alone.

Plans are going forward for a Rural Urban silver tea to be held April 29th from 1:30 to 3:30 in Charlevoix. The April meeting will be held in the home of Mrs. John Weiland of the Barnard group with an informed speaker talking on "Motorists, driving, responsibilities."

Charlevoix and Antrim counties are the only two areas in the lower peninsula of Michigan which have not yet come under the conservation department's aerial photograph project. These two counties are to be photographed from the air this summer . . .

... Anyone wishing aerial photos of different state areas can obtain them. Write for order blanks (form PMA-44), U. S. Department of Agriculture, Washington, D. C.

Here come the bugs again! Forest tent caterpillars will be busy chewing their way through northern Michigan forest lands again this year . . .

THERE'S NOT too much to become alarmed about, though. Foresters say the foliage-eaters are simply nuisances and not seriously dangerous to forest areas. This is the fourth year the outbreak is still on in this area

March winds and melting snow bring the annual word of warning to kite-flying kids throughout the north country from R. H. Fredberg, Consumers Power Company district manager at Cheboygan. He warns particularly against flying kites in any neighborhoods crossed by electric power lines . . .

... Boyd Keller, formerly of East Jordan, will soon take over as president of the Mancelona Rotary Club. He's with the Mount Clemens Metal Products Company . . .

... Today is the day our state legislators will set down to a dinner featuring northern Michigan potatoes. Darius Buell, of Elmira, is furnishing potatoes for the annual State Legislators' dinner at the union building, Michigan State College . . . Someone broke into the welfare office down in Bellaire and Editor Ken Parker of the Antrim County News wonders if, after someone paid their income tax, did they sneak into the welfare office and place their application on top of the pile . . . Up in Onaway the businessmen have decided to erect signs reading: "All roads lead to Onaway."

AS ELECTION approached down in Central Lake the issue seemed to be "to drink or not to drink" and the discussion was as hot as East Jordan's sewage system talk . . .

Over in Gaylord the Kiwanis club has launched a "Spike that Rumor" campaign and hopes that it will prevent the spread of rumors which can be both damaging and malicious . . .

WHO ARE THEY?

Our Senior Biographies

EDITOR'S NOTE: Student information was written and supplied the News-Herald by the school. Watch for other student histories each week.

MARIE NIELSEN

Edna Marie was born November 13, 1936 to Mr. and Mrs. Ole Nielsen in Charlevoix. She has brown eyes and brown hair, stands 5 ft. 6 inches tall and weighs 130 lbs.

Marie has attended East Jordan high school since the seventh grade and has taken part in the following activities: FHA, Cheer leader, majorette, National Honor Society, Mixed Chorus, Girls Glee Club, and the A Cappella Choir.

Marie, who is looking forward to the senior trip and her future plans to attend a business school, was voted most popular in our senior mock election.

CARLA KOPKAU

On November 20, 1936, Mr. and Mrs. Vail Shepard Sr. were the parents of a daughter they named Carla. She has hazel eyes, brown hair, is now 5' 4" tall and weighs 131.

Carla has received all her schooling at East Jordan. She has participated in numerous extra curricular activities which are: Mixed chorus, A cappella choir, band, girls glee club and FHA. Her favorite subject is journalism, likes to watch basketball; her hobby is watching television.

Carla was voted most unpredictable girl of the senior class, but she says there's one thing she is sure of and that is that she's looking forward to graduation.

FRANCIS TROJANEK

February 17, 1936, Mr. and Mrs. Albert Trojanek announced arrival of a boy who they named Francis. He spent all his life here. Now 17, he weighs 165, is 5' 11", has brown eyes and brown hair.

During his schooling the boys on the basketball team gave him the nickname, "Bevo." Francis has taken part in 2 years basketball, 3 years Glee Club, 2 years National Honor Society and 4 years of 4-H. His favorite sport is basketball and he likes typing as his favorite subject.

Francis was chosen "best personality" in the senior mock election. He plans college after graduation.

ELEANOR RAYMOND

Eleanor Raymond was born March 21, 1936. The daughter of Mr. and Mrs. Ernest Raymond. "EI" is 5' 3" tall, weighs 130 lbs has red hair and blue green eyes.

East Jordan public school has been "EI's" school for 13 years. She has been active in FHA and 4-H. Her favorite subject is personal and family living.

El is looking forward to working in an office.

In the mock election "EI" received the honor of the most dependable girl.

Tax Return Helper At State Bank

R. H. Harbaugh representing the Michigan Department of Revenue will be at State Bank of East Jordan tomorrow between the hours of 10 a.m. and 3 p.m. for the purpose of assisting taxpayers in the preparation of their intangibles tax returns due next, later than March 31.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable corporate stocks, corporate bonds and other similar types of property. However, all United States bonds, are exempt from the tax and the tax on deposits in Michigan banks and building and loan associations, as well as stocks in Michigan banks, will be paid to the Department of Revenue directly by the banks or building and loan associations.

The Department has issued a warning to all owners of property, such as is outlined above, to file the necessary return forms prior to March 31.

In addition to assisting taxpayers in the preparation of their returns, Harbaugh will also be glad to advise any person concerning his liability, if any, under the Intangibles Tax Act.

LETTER BOX

March 8, 1954

Editor, Imp Lingo Column
News-Herald
East Jordan, Michigan

Dear Editor:

I enjoy reading your weekly offerings very much and I believe that you illustrate a very good cross-section of the teenage lives in a typical small town. I am and have been especially interested in the progress of the East Jordan Varsity basketball team. I think that they have done remarkably well this year, especially since they lost a few of their regulars through graduation.

I would believe that the town in which I live would just about compare with East Jordan, if not just a little bigger. Personally, I enjoy living in a small town very much. Our local basketball team won the New York State Section V. Tournament for "E" schools last Saturday night which of course makes us all very happy, however, there is one more game to go if we are to take first place for the state.

It seems to me a very interesting venture to read someone else's school paper, or another town's newspaper and just scan it for "New" ideas. I am sending herewith a copy of our school paper, "The Grape Press," named so, after the famous grape wine belt of which Hammondsport is the center. I hope that you enjoy it and can get some new ideas from it, in return, I should like a copy of your school publication, if I may be so bold as to ask?

I have been in East Jordan only a few times, however, I have enjoyed it nearly every time, the main reason is, I guess, that everyone is so very friendly, and they are willing to assert themselves to help someone. I hope to visit "E. J." sometime this summer for a week or two, I'm sure I'll find it just as much fun as ever, and, also, just as hot as ever.

Very Truly Yours,

Jim Gelder
Hammondsport Central
Senior
Hammondsport, New York

Virginia Heileman Of Petoskey Marries Gene McPherson

Virginia Heileman, daughter of Mr. and Mrs. Walter Heileman of Petoskey, became the bride of A-3c Gene McPherson, son of Mr. and Mrs. Harvey McPherson of Boyne City in a double ring ceremony Saturday afternoon. Arrangements of white snapdragons were used for a setting for the ceremony in the Methodist Church in Petoskey with the Rev. R. Jayne officiating.

Nan Drapeau, soloist and Mrs. Alta Drapeau, organist of East Jordan furnished the wedding music.

Given in marriage by her father, the bride wore a knit rose colored suit with a corsage of white snapdragons and yellow roses. Coral McPherson, sister of the bridegroom, was maid of honor. She wore a black suit with a corsage of yellow mums. Joseph Smith assisted the groom as best man.

After the ceremony a reception was held at the Resort Grange in Petoskey.

North State TB Meeting At Gaylord

Invitations were in the mail this week for a regional tuberculosis conference scheduled at Gaylord April 12, the Michigan Tuberculosis Association announced.

One item high on the agenda for the special session will be "mass chest X-Ray service, which currently reaches less than 50 percent of the adult residents in a 29-county northern Michigan area," the association said.

A spokesman declared that interested citizens and officials, "should not await formal invitation if you would like to help explore unmet TB needs in northern communities."

James F. Kipfer, field secretary for the association, urged "anyone who would like to help study this major public health problem" to write the association's central headquarters in Lansing.

SEEKING solutions to "TB trouble spots" both in the northern part of the southern peninsula and in the eastern part of the northern peninsula, the conference will take up such programs as 1) routine X-ray service in general hospitals; 2) community-wide X-ray and TB skin testing programs; 3) tuberculosis laws and money.

The association said one study now in process shows that out of an adult population of more than 230,000, in the 29 northern counties, "less than 70,000" men and women were given X-rays in community surveys "in the last year."

CARD OF THANKS
I wish to express my sincere thanks to my friends and patients for all that was done for me since my accident.
Dr. Schmittziel

STATE OF MICHIGAN
The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 2nd day of March 1954.

Present, Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Marion Hudkins, deceased. Mahala Hudkins having filed in said Court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate and for the determination of the heirs at law of said deceased.

It is Ordered, That the 30th day of March 1954, at 2:00 o'clock in the afternoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition:

It is Further Ordered, That public notice thereof be given by publication of a copy of his order, once in each week for three weeks consecutively, previous to said day of hearing, in the East Jordan News-Herald a newspaper printed and circulated in said County. **Floyd A. Supp**, Judge of Probate 10-3

STATE OF MICHIGAN
Probate Court for the County of Charlevoix.

In the Matter of the Estate of Roy Parks, deceased.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, 9th March, 1954.

Present: Hon. Floyd A. Supp, Judge of Probate.

The above estate having been admitted to probate and **George Parks** appointed administrator.

It is Ordered, That 2 months from this date be allowed for filing claims against said estate; and that all creditors of said deceased are required to prove their claims to said Court at the hearing on claims to be held at the Probate Office in the said City of Charlevoix, on May 17 1954, at 10 o'clock in the forenoon; and that claims for expenses of burial will be heard at said Probate Office on March 29, 1954 at 10 o'clock in the fore noon.

It is further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the East Jordan News-Herald a newspaper printed and circulated in said County. **Floyd A. Supp**

Judge of Probate 10-3

STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

In the Matter of the Estate of Joseph Morrison deceased.

At a session of said Court, held on the 9th day of March, 1954.

Present, Honorable Floyd A. Supp, Judge of Probate.

Notice is Hereby Given, That the petition of Rachel Bennett, the administratrix of said estate, praying that her final account be allowed and the residue of said estate assigned to the persons entitled thereto, will be heard at the Probate Court on 29th day of March, 1954, at 10 a.m.;

It is Ordered, that notice thereof be given by publication of copy hereof for three weeks consecutively previous to said day of hearing, in the East Jordan News-Herald, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

Floyd A. Supp, Judge of Probate

Orchard Notes

By C. Fairman

There is generally speaking a lot of pressure put on by Chemical companies and sometimes nurseries and implement companies to buy their products. In my case there is no pressure put on me. I am not selling trees nor receiving any favor from the above mentioned concerns.

Therefore I can speak freely on any subject pertaining to fruit growing. During the forties I paid two cents each for peach trees. Many nurseries buy baby trees to line out in their nurseries. These trees can be grown in the south. They acclimate themselves the first season. Peach pits are planted. These seedlings are budded during the month of June and are called June buds and they can be dug and shipped in the fall at a height of two or three feet.

Or you can buy them one year later as yearlings.

We buy good sized June Buds at 20 cents each as prices are today. The Southern Tennessee nursery that we buy from carries only varieties of proven quality, or rather, varieties tested by State Experiment stations such as "Red Haven," "Fair Haven," "Hale Haven," "Jerseyland," "J. H. Hale," etc.

FOR PEACH TREES in fair sized lots, I'd rather buy from the south for better quality at much less cost, and avoid the chance of getting the same trees that may have been replanted and grown a year or so and then dug and sold.

For any trees of any species such as pear, apple, cherry, plum, etc., every nursery always has some left over trees three and four years old. These large trees are advertised and sold for a higher price and they are supposed to bear earlier.

Experienced growers favor one year trees or not over two years.

New Control For Barn Flies Announced At State College

Looking Ahead With The MSC Farm Experts

In times such as these, it may be well to remind ourselves that it is the farmers first adopting an improved farm practice that get the most benefit from it. Studies have shown that the early adopters of a new practice tend to be progressive farmers who want to get ahead.

Before spring planting begins, consider the advantages of once over tillage, instead of the usual method of plowing, disking, dragging, etc., before planting. Experiments by the Soils Science and Agricultural Engineering Departments at MSC show that there is no measurable difference in corn yields when plowing or planting are done the same day, as compared to the usual operations. Savings in machinery and labor costs will run from \$3 to \$5 per acre.

Prices for fat cattle are not likely to fall to the low levels reached last year during April, May and June. There were nine percent fewer cattle in feedlots this past January compared to a year earlier. More of the cattle were of lighter weights and had moved into feedlots later than a year ago. This indicates later marketing and a reduction in the usual seasonal bulge in late spring sales of fed cattle. Consumer demand is expected to remain near recent high levels.

Corn allotments on top of wheat allotments are going to force some farmers to produce more grass in 1954 and the years ahead. Storage is a problem. Now is the time to plan for and get out home grown lumber and poles for horizontal silos. You will be making silage within 3 months!

Increasing unemployment is making the headlines. Its impact on the entire economy and especially on those out of work should not be discounted. But let's keep these facts in mind before we cry "depression!" The over two million unemployed represent only between 3 and 4 percent of the 63 million in the civilian labor force. Unemployment usually reaches a peak in January and February. Last year it was nearly two million, in 1949 it was 3.3 million and in 1950 it reached a peak of 4.4 million.

Most business men and economists do not expect serious unemployment to continue thru 1954.

Mr. and Mrs. Guy Hunsberger returned last week from a visit to Grand Rapids. Pearl Reinhart, who went with them to Grand Rapids went on to Texas with her brother, Glen.

After trying methoxychlor and lindane to control flies in dairy barns farmers now have another promising insecticide for that purpose.

Malathion, a phosphate type insecticide, is the newest one recommended. It can be used as a bait or as a wall and ceiling spray according to Ray L. Janes, extension entomologist Michigan State College.

The barn recipe calls for one pound of 25 per cent wettable malathion powder to three gallons of water. If the 50 percent emulsion form of malathion is used, one-half pint will make three gallons of spray.

BAITS ARE made by using one cup of 50 per cent emulsion, one cup of molasses and three gallons of water. The bait is sprinkled on a clean cement floor preferably behind the cows. Three gallons will be enough for a 20 to 30 cow herd.

There are some distinct disadvantages to a wet bait, however, Janes says. It has to be applied about every seven days and is slippery before it dries. It is not effective in dark barns and the malathion may become weaker but the molasses may attract more flies without killing.

A dry bait, using malathion's wettable powder and sugar is being tried and looks promising for the dairy barn, according to Janes.

Janes emphasizes that malathion should not be used in the home or milkhouse or be sprayed directly on the cattle. Users

Right Seed Aids Garden Satisfaction

Care in the selection of seeds for your vegetable garden will pay off in better yields, better looking vegetables and more satisfaction.

Varieties that have been tested and suggested by Michigan State College's horticulture department will do the job if the gardener knows his job, MSC specialists assert.

Here is a list of suggested varieties which you may want to include in your garden spot:

SNAP BEANS (green), round podded—Top Crop or Rival; oval podded—Contender; early flat podded—Sweetheart. Snap beans (wax), round podded—Puregold (mosaic resistant) or Round Pod Kidney Wax or Brittle Wax.

Early carrots—Nantes, Gold Spike.

Lettuce, crisphead—Great Lakes; Cornell 456 (muck); leaf lettuce—Salad Bowl.

Muskmelon—Honey Rock, Golden Delight, Delicious 51.

Early peas—Little Marvel.

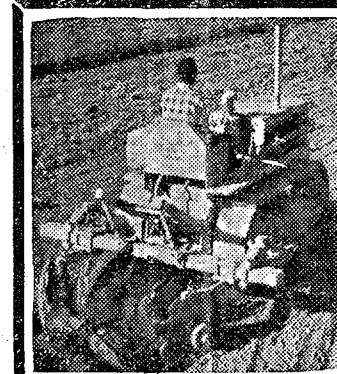

Pepper—Oakview Wonder, California Wonder, Yolo Wonder (mosaic resistant), Vineland (very early).

Spinach—America.

Early radish—Cherry Belle.

Tomato—Valiant, Red Cloud

FARM GOSSIP COLUMN

Is there any money—any annual income—in a woodlot?

"I'm no forester but this looks like a pretty fair income with no soil fitting or fertilizing," said Paul J. Rood, MSC soil scientist, as he read a story in the South Haven Dairy Tribune. It was about a woodlot near Rood's home town of Covert.

"These figures show a \$25 per acre income for 83 years — just taking the interest and leaving the capital," explained Lester E. Bell, MSC forester. Here's the story of \$20,600 cash income from 10 acres:

Back in 1871, Adam Bowman came from Ohio and bought 40 acres south of Covert in Van Buren county. Clearing 30 acres and selling logs to a nearby sawmill for a possible top rate of \$10 per 1,000 feet, he built a home and started to farm. But the story is about the 10 uncleared acres.

IN 1922, BOWMAN'S son-in-law, Bert Stanley, sold some 20-inch trees to Pierce Williams company for \$2,100. Two years later he sold the farm for \$4,000 to James Sarno who still owns it.

Sarno bought no coal for 29 years—using about 20 cords of wood a year from his woodlot of beech, basswood, elm, maple, sycamore, ash and whitewood. He also harvested some maple syrup.

In 1945, Sarno sold the 20-inch trees to the same company for \$15,000 but reserved the tops and 33 basswoods. The tops provided 300 cords of wood to sell for \$1,500. In 1950, the basswoods brought another \$500. When a gas main was laid through the property, the damages payment was \$875.

He sold another 125 cords of stovewood for \$625, found enough logs to build a double garage and give him some spare lumber, and still has 200 trees of more 200-inch diameter.

That's a total \$20,600 from wood sold—not counting home use.

BIG FARM AUCTION

Saturday,
March 27th
1 P.M.

G. I. NEWS

Page 8 * East Jordan News-Herald * Thursday, March 18, 1954

Hi Fellas:

OIS of the Hq. 64th Air Division (Defense) sent us the following release dated February 23, 1954: "Forrest E. Muma has been promoted to the grade of Airman Second Class. Airman Muma is a jet mechanic in the 61st Fighter-Interceptor Squadron at Ernest Harmon AFB.

"Ernest Harmon is not only a key refueling stop for military aircraft to and from Europe, but also an important link in the Northeast Air Command chain of defense.

"Forrest entered the Air Force shortly after graduation from East Jordan high school in June of 1952. Previous service assignments include Amarillo AFB, Texas and Selfridge, Michigan."

Two more men have left EJ for the Air Force. Bud Kopkau and Don Saganek were walking across Main Street last week with their papers in hand. We expect an address at Sampson soon.

Earl Bowers has an address

now. It is: Earl F. Bowers, SR., 4-591-535, Co 31, 104 Batt, 10 Redg, USNTPC, Great Lakes, Ill. Good luck to you Earl. Hope they don't shave off your hair so close that it never grows out again.

Bill Kamradt and wife have arrived in the vicinity of Fort Hood, Texas. They have quarters at 912 Kern Road, Kilgen, Texas. If any of you men are in the vicinity I'm sure you would be welcome. Bill, if you get a toothache you will find good care with Joe Belzek at Post Dental Lab.

Here's one from Don Cutler. "Guess that it is about time I dropped you a few lines to let you know that I have been receiving the paper every week. I want to thank all the people in EJ that send the paper to me. I sure appreciate it.

"I am stationed here in Germany in a little town called Ansbach. The only person that I have seen over here from EJ is Miles Prevost. He came over to see me one day last fall.

"I'm having a pretty good time over here so far. Don't have to pull guard duty or CQ. So far I have only pulled two days of duty in the Battery. The rest of the time I have spent playing sports. I made the football team last fall and was chosen the most valuable player. I went out for boxing but due to a knee injury I received in football I couldn't continue.

"I got my knee operated on in January and now have the job of taking care of the Post Gym.

"Baseball season starts the 5th of April and things look real good for me so far. After baseball season I go into football again and then after football season my time will be up over here. I sure will be glad when I can get to go home. So long for now. Pfc Don Cutler, Hq, Btry, 793 Hvy FA Bn, APO 46, c-o PM, New York, N. Y."

Thanks for the letter, Don.

From Fort Knox, Kentucky we learn that Pvt Orville Nelson has completed the Turret Artillery Mechanic Course No. 7 at the Armored School with second highest honors in a class of 52. The course is used to train enlisted personnel to perform organizational maintenance on power traverse, turret mounted weapons, unit small arms, turret combat vehicles.

Another man and another family is happy this week, Earl Hart will leave Europe for the States on the 19th. He should be discharged before April is over.

See you all next week,

"Jake" Snyder

Masonic Services Held Saturday For Floyd Morgan

Masonic services were held Saturday afternoon at Sunset Hill cemetery for Floyd P. Morgan, Jr., 34, former East Jordan resident, who died in Ann Arbor hospital March 9th following several months of illness.

Born July 7, 1920 in East Jordan, Mr. Morgan graduated from East Jordan high school in 1938.

Surviving are his wife, Evelyn, a son, David Bryan; a daughter Linda Rae; his parents, Mr. and Mrs. Floyd Morgan; a brother, Basil, and three grandparents, Mr. and Mrs. Robert Proctor and William Morgan.

Just arrived! New low price on 17" and 21" TV sets at Sherman Firestone Store.

Our "House Cleaning" is nearly completed, how about yours?

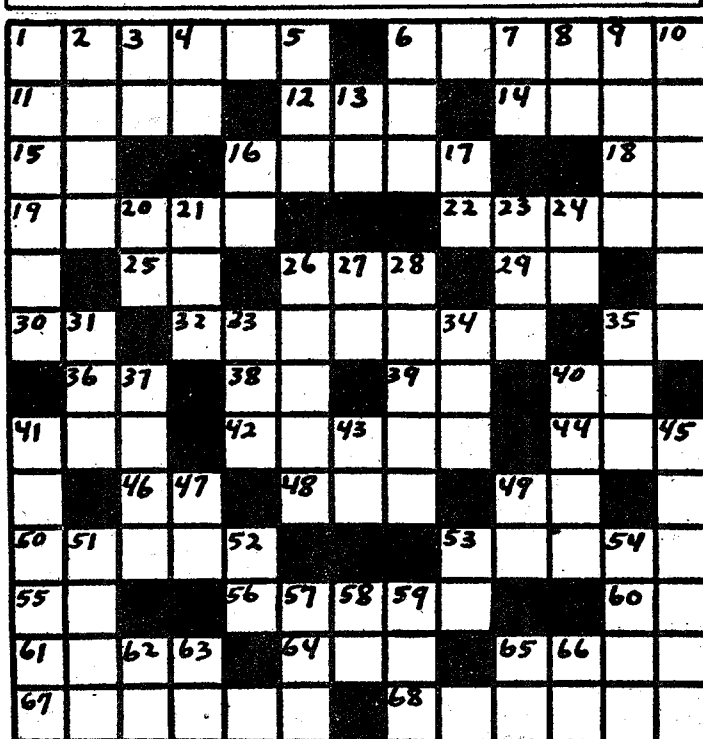

WE HAVE PLENTY OF:

- Window Shades and Draperies
- Wall Paper and Paint
- Wall Paper Cleaner & Curtain Rods

To Make Your House Cleaning A Pleasure.

Alberta Nowland
City Clerk

LETTER BOX

East Jordan News-Herald:

Congratulations to the people of East Jordan!

While reading the March 7 edition of the 'Grit,' I was surprised and delighted to read the article devoted to the progress of my home community. It is certainly commendable for a small community to have vision enough not to surrender to defeat but to work for the interest of the people and toward progress.

May this community spirit prosper on new achievement.

Rev. W. V. Gilkerson
Langsville, Ohio.

Farm Bureau in Antrim County for the past five years.

The group was accompanied by Keith Tanner, Member Service Division and Dan Reed, Legislative Assistant to Stanley Powell.

They were met in the Capital by Clark L. Brody, Executive Vice President of the Michigan Farm Bureau.

At luncheons and a banquet the group heard Senators Homer Ferguson and Charles E. Potter and other members of Congress speak. Roger Fleming, Secretary of the American Farm Bureau Federation spent much time with the group. They also heard Farm Bureau National President Allen Kline.

Besides visiting both houses of Congress, they saw the office buildings of the Senate and House of Representatives, and saw the Supreme Court in session.

Vance attended the agricultural committee meeting at which Secretary of Agriculture Ezra Benson presented his recommendations.

Legion Auxiliary

The American Legion Auxiliary Unit 227, have changed their March Semi-social meeting from Tuesday, March 23, to Tuesday, March 30. The meeting will be held at Eva Peterson's home and will be a pot luck supper at 6:30 p.m. There are sev-

If you plan to attend, contact an other member and try to get her to come also. We want this to be a real Auxiliary get-together.
